

Candidate Identification Procedure

Rye St Antony does not admit external candidates and so the candidates are well known to the staff.

Candidates are identified by their photograph and candidate number; this includes returning ex-pupils wishing to re-sit exams (photographs and candidate numbers are stored in the school database). Ex Students are also requested to bring photographic ID with them to each exam.

Internal exam registers contain candidate names, numbers, exam entries and access arrangements for all candidates, including individualized time adjustments.

There is a fixed seating plan for all candidates in the main Hall and is attached to the invigilator desk.

Any deviation from this seating plan is recorded and kept with the internal exam register.
